

BELMONT

3/4 BEDROOM 3½ BATH

COZY LIVING IN TIMELESS STYLE

An exterior of reclaimed brick gives this home a classic look, while the floor plan offers private havens for each family member. A pair of bedrooms, each with private bath, occupies the front of the house. Living and dining spaces separate these bedrooms from the private master wing to the rear. Upstairs a huge bonus space with full bath could become a playroom, media center or guest suite.
